## SECTION (A)

- 1) After many efforts of Raja Ram Mohan Roy and Ishwar Chanda Vidyasagar their efforts bore fruits and then the Indian Legislative Council & British government passed the law of Child Marriage Restraint Act, law. In this law boy child can get married from the age of 18 & girl child can get married from the age of 16. No boy child and girl child can get married below the minimum age given (boy child age  $\rightarrow$  18+) & (girl child age  $\rightarrow$  16+).
- 2) Bhabhi Baierna founded Satyashodhak Samaj & Jyoti Rao Phule in 1973. The main objectives of this organisation was to educate lower caste people and to fight for the rights of lower caste or poor people which have been oppressed & suppressed by the upper caste or rich people.

3) Before the time when the temple entry movement of Dr. Ambedkar. Poor people, lower caste people, untouchables, etc were not given the rights, they weren't allowed to get educated, not allowed to talk to upper caste people. But when Dr. Ambedkar started temple entry movement he wanted these things to get changed so that all the people can get their political, social & economic rights <sup>legally</sup> and thus can live happily getting equal things & rights.

4) In earlier times, people had a great respect about the ancient texts & beliefs. All the people had great believes in ancient time things. They wrote the texts on stones, wall, etc. and when today scientists and scholars translated the written things, they found many important rules & regulations about the ancient period. Thus the ancient period texts helped us to know many things about the rules & regulations of that period and according to that many new rules & regulations have been created by the government.

57 When the reformers efforts bore fruits and their reports were transferred to many areas & to many people then the womens came to know about many secret and important facts. These types of report helped and encouraged them to stand up & fight for their rights. After this many womens started protesting for ~~their~~ their political & social rights and justice. Seeing the womens protesting many womens also joined them for their upliftment. Through these times many more reports relating women safety, rights, power, etc came out. When the womens read these articles they got more fire in their hearts relating their rights. A new group of more encouraged, self independent, etc womens came out. As fast when the government got to know about this they also helped them and thus womens involve themselves in their upliftment. For eg (name of womens): Amambai Joshi, Pandita, Ramabai, Savitri Bai Phule, etc.
